Schools Division Superintendent
Department of Education – Negros Oriental Division
Capitol Area, Dumaguete City, Negros Oriental

Dear **Dr. Ojastro**,

The Department of Science and Technology – Science Education Institute (DOST-SEI) will conduct its qualifying examination for the **2024 DOST-SEI S&T Undergraduate Scholarship** applicants on **April 6-7, 2024 from 6:00 AM to 6:00 PM**. The DOST Scholars' Association in Negros Oriental (DOST SA NegOr) is going to conduct a free online review session for interested scholarship applicants.

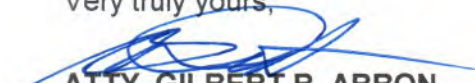

In line with this, we respectfully request your support for this initiative. The majority of our applicants originate from the Negros Oriental Division, and with your esteemed assistance, we aim to engage with them through the collaboration of your school administrators, encouraging them to attend in our online review program SHARPEN (Scholars Helping Applicants Review for and Pass the Exam in NegOr).

SHARPEN is a scholar-led initiative of the DOST Scholars' Association in Negros Oriental aimed at providing complimentary online tutorial sessions. Facilitated by DOST-SEI scholar tutors, these sessions are specifically designed to assist aspiring scholars in preparing for the upcoming 2024 DOST-SEI Undergraduate scholarship examinations. The focus of the tutorial sessions will be on four key areas tested during the examinations: Mathematics, Science, Language, and Mechanical Technical/Abstract Reasoning.

The online tutorial sessions will be conducted via Zoom (Webinar Type). Scheduled for four consecutive Saturdays and Sundays, starting from March 9, 2024, to March 23, 2024, each session will run from 1:00 PM to 5:00 PM. Overall, SHARPEN aims to support individuals by providing valuable resources and guidance to enhance their preparedness for the DOST-SEI Undergraduate scholarship examinations.
