Dear Dr. SALUSTIANO,

9 9:40 AM

Kabayan Filipino Center (KFC) is a dynamic "one stop" service center for Filipinos living in South Korea such as members of multicultural families, EPS workers, students, OFWs, etc. KFC also extends its services to Filipinos who want to study in South Korea. We provide assistance and conduct various events and activities to deepen Filipinos' understanding of the Korean language and culture, fostering healthy social relationships for better adaptation to life in South Korea.

I hope this message finds you well. I am writing to request your support in promoting our study program titled "**2024 KFC Study in Korea Program**" at your institution.

This program aims to **invite and sponsor qualified Filipino students to study in Korea and learn the Korean language** and continue their educational aspirations while developing the right mindset through our mind education programs.

Please find attached a detailed agenda outlining the scholarship criteria and inclusions, the Korean Language Program, and related activities during the students' stay in South Korea. Additionally, feel free to connect if you have questions or wish to discuss matters further in person. We are open to detailed conversations and welcome the opportunity for further discussion.

We sincerely hope that you will be able to support us in this enriching experience that could contribute significantly to the success of the program.

Thank you for considering this request. We look forward to your positive response.

Warm regards,
