Department of Education Negros Oriental Division

Good day Dr.!

The PHCCI Youth Laboratory Cooperative (PYLC) is now a duly recognized laboratory cooperative by the Cooperative Development Authority (CDA). To shed light on this, a laboratory cooperative is a cooperative formed and managed principally by minors and which is affiliated with a registered cooperative. This serves as a training ground for laboratory cooperative members to prepare them for membership in regular cooperatives. In a laboratory cooperative setting they teach thrift and saving mobilization, instill cooperative values, principles, financial discipline, business skills, and leadership skills.

The PHCCI Youth Laboratory Cooperative (PYLC) will hold its 1st General Assembly virtually via Zoom. The participants of the General Assembly are PHCCI aflatoun and junior depositors under 18 years old. There are schools which are under your division that are Aflatoun partners with PHCCI. With this, we are asking for your approval that we can communicate with the principals and teachers to help us gather participants for this event. The students can either use the pre-registration link or QR code below for the said event <https://bit.ly/PYLCPREREGISTRATIONFORM> the purpose of this is to gather their updated email addresses so we can directly send the zoom link.

We are hoping to hear from you soon! You may contact me through this number: 0905-694-6395. Thank you and more power!

Cooperatively Yours,

Danikka Sue S. Limbaga
Marketing Extension Services Officer
